Residential on 2 Acres

N/A, Highland, NY

A beautiful five room sprawling California-style ranch home set on 1.90 manicured park-like acres. This highly desirable one-level layout boasts an open concept with soaring spaces and modern updates. Red Top Road, which runs parallel to the Hudson River is surrounded by mature trees and landscaping. This home is private and peaceful, ideal for a full-time or weekend get-away. Enter the home into the breathtaking living room with cathedral ceilings and floor to ceiling fireplace, which is the centerpiece of the room. The living room flows into the gourmet kitchen with granite countertops, which also opens to the formal dining area. Off of the kitchen to the east of the home, is the master suite with walk-in closet and ensuite bathroom, two additional bedrooms and second full bathroom. On the west side of the home a pair of French doors leads into the gorgeous and oversized family room with build-in bookcases and wainscoting. Two additional rooms, currently being used as a playroom and an office, are also off of the west end family room. Exterior doors lead to an open deck overlooking the lush backyard. Off of the deck is a sun-drenched enclosed three season porch with a surplus of windows and wood ceiling, creating a natural element to the space. An additional deck can also be found on the opposite side of the sun-room, which holds a brand new luxurious hot tub for star gazing and relaxation. Two-car garage, shed and playhouse.
